A STANDARD ARTICLE WITH THE TRADE.

We Manufacture full lines of Edge Tools—from the best Grades to the Cheapest, under our different Brands and Trade Marks—Give us your whole order.

PECK'S SOLID STEEL is the **BEST HATCHET** in the Market To-Day.

—MANUFACTURED BY—

A. G. PECK & CO., Cohoes, N. Y.

NOTICE.

A. G. PECK & CO.,

PROPRIETORS OF THE EMPIRE EDGE TOOL WORKS,

In presenting a New Edition of their catalogue, take this opportunity to assure their patrons and the Trade, that the quality of their goods, so long known and recognized as the best, it is their intention to maintain at its present high standard, and with an experience of over THIRTY-FIVE years in their manufacture, they are enabled to produce goods of equal excellence to any with which the Trade are familiar.

The Catalogue contains nearly a complete list of the leading patterns of Axes and Tools manufactured.

Our recent purchase of "The Weed & Becker Manufacturing Co's." plant, in Cohoes, one of the oldest and most widely known Axe Works in this country, gives us largely increased facilities, and it is our purpose to greatly extend our business with foreign countries where their brands have been so long and favorably known, making a specialty of Spanish Axes for South American trade and American goods for Australia and South Africa, together with Turpentine Axes for Norway and Sweden. In fact, supply the markets of the world with American goods under our different brands, *in all grades.*

Thanking our patrons for past favors we hope to merit its continuance by Superior Goods at Lowest Possible Prices.

Very Truly Yours,

A. G. PECK & CO.,

COHOES,

N. Y.,

HATCHETS.

The above illustration shows the manner in which "Peck's Champion Blade" Hatchets are put up.

The Boxes are made strongly of heavy straw board, and covered with green enameled paper.

We pack them four or six dozen in a case ; and *For Export*, all our cases of AXES, as well as TOOLS, are lined with heavy water-proof sheathing paper, thus affording a protection against sea dampness.

HATCHETS are made from extra quality refined AXE STEEL. The handles are of second growth *all white* polished hickory.
